“Teaching is not just a profession it’s a passion.” ~ Unknown

**Why Teach Agriculture?**

Ag teachers never have the same day twice. One day they might be in a classroom or laboratory, the next visiting students in the field, preparing teams for a FFA Career Development Event, or leading a community service activity with their FFA Chapter.

---

**Teach Ag Workshop**

Utah State FFA Convention
Thursday, March 11th

1st Session: 1:00-1:50 pm
2nd Session: 2:00-2:50 pm

Room 107 Hunter Conference Center

---

**Do what you Love. Love what you do.**

“I can’t imagine a better career than one that allows you to choose what you do each day, allows you to watch learning happen, and allows you to be involved in the success of so many young people.” ~ Kasee Smith, Agriculture Teacher, Spanish Fork High School

---

**WHAT IS AGRICULTURAL EDUCATION?**

Agricultural education teaches students about agriculture, food and natural resources. Through these subjects, agricultural educators teach students a wide variety of skills, including science, math, communications, leadership, management and technology.

Agricultural Education prepares students for successful careers and a lifetime of informed choices in the global agriculture, food, fiber and natural resources systems.
